Subject: Future Entreprenment

Dear Mr. Petrov

I would like to join project Future Entreprenment, because I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new languages and development techniques. I think I have already grown up and I became what I desired to be. I am currently working as a software developer and I hope I continue with my current life in the IT.

Sincerely

Dimitar Vasilev
