Subject: My motivation to join project Future Entrepren

Dear Mr. Petrov

I would like to join project Future Entrepren, because I want to develop my skills in the field of project management. I think that the team and the assignment are a great occasion and field for the manifestation of my excellent teamwork skills. I see in the project new opportunities for development and challenges. I will be a great addition, as I have the necessary qualities for Project Manager. With me in the team, the project will go smoothly, basic principles will be followed in software development and quality products will be delivered

Yours sincerely
